Franklin Mint Holiday Products Announced

This year's line of Holiday products is just magnificent. Quality wise, it is the finest we have seen since the founding of the Mint. We are sorry to announce that this year Superior will not be handling the Holiday line for two basic reasons. Firstly, dealers such as us, are only permited to order a few of the many products offered to the Mint's general mailing list. This causes a great deal of confusion among our own customers who purchase from the Holiday gift line we offer, but who would naturally also be interested in the other items offered by the Mint. Secondly, there are an assortment of reasons which basically surround the first. We sincerely regret our inability to service you, our loyal customers who have relied upon us in the past. We suggest you contact the Franklin Mint directly and request a copy of their Holiday Gift Catalogue as many of the items are just beautiful and you should have the opportunity to continue adding to your collection.

Immediate delivery for New George Washington Commemoratives

Perhaps the international interest in this new silver .900 fine commemorative is more intense than the domestic activity, but mark our words, by the time the public from around the world gets here for the 1984 Olympics, these coins will be selling for a whole bunch more than now. This is the first commemorative coin issued by the U.S. Mint since 1954 and, quite frankly, it is a lovely portrayal of both Washington and Mount Vernon. All coins are dated 1982 and come in Proof or Uncirculated. Each is sealed in appropriate case.

B. THE MIGUEL MUNOZ COLLECTION, PART III – JUNE 8 - 11, 1981

C. THE JOHN R. FRASER COLLECTION – FEBRUARY 1 & 2, 1982

Dear Collector

We are pleased to bring information regarding a most unusual release. Last year Superior Galleries released four auction catalogues in which a new concept in art and photographic production was utilized. The themes for the covers inspired some of the most unbelievable still shots incorporating rare coins and stamps which are certain to delight any collector or investor.

Especially pleasing is the clarity and sharpness and also the great color reproduction. And best of all is being able to enjoy these fully matted prints without the security problems inherent with the display of rare stamps and coins. Each of the beautiful four color prints is available and ready for framing in an 11 x 14 inch size. Naturally, the descriptive information which appeared on the original catalogues is omitted. A total of just 250 of each has been produced and individually numbered.

The initial release price for this series was $39.50 for each individual print. Since you have received one or more of the actual catalogues and realize that the quality of photography is exceptional, our need to supply this offering in an expensive color format is not necessary, thus, we are passing our savings on to you. Your price for this magnificent set of prints is just $24.50 each or $89.50 for the set of four.

We are so sure that you'll be delighted with anyone or all of these beautiful prints, we want you to place your order for immediate delivery and pay upon receipt. If not completely satisfied, simply return them. This is a most unusual offer and we are certain you will find them to be the perfect way to display rare stamps and coins.

Nepal Proof Sets

- outstanding buy of 1982

We have acquired a small quantity of Nepal Proof Sets in official government sealed plastic cases. These sets are from extremely low mintages and their catalog value is naturally fairly high. Usually the sets we encounter are in poor condition but these are every bit as fresh as the day they left the mint. By the way they were struck at the U.S. Mint. Our prices speak for themselves so take a gander and order promptly as we have less than 100 of each date available and these go out on a first come first served basis.
